FINAL ACTION

Applicant's amendment of 01-10-06 has been fully considered.

Claims 1-6 are still pending.

The deletion of the limitation, "*or other suitable leaving group*" (in the definition of R⁸), has overcome the previous rejections of 112/1st and 2nd paragraphs (item (a)). Thus, those rejections are withdrawn herein.

However, the amendment has not addressed the indefiniteness of the limitation "*high-boiling point polar aprotic solvent*" recited in claims 2 and 4. Thus, the rejection of 112/2nd paragraph (item (b)) is maintained.

Claim Rejections - 35 USC § 112, Second Paragraph

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 2 and 4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 2 and 4 recite limitation of a "*high-boiling point aprotic solvent*" which has no definition in the specification. It is unclear what solvent is intended as the description of "*high-boiling point aprotic solvent*" does not properly set the metes and bounds of the intended solvent.

Allowable Subject Matter

2. Claims 1, 3, 5 and 6 are allowed. Said claims recite compounds of fused *imidazole* substituted with $-C(=O)-R^8$ wherein R^8 is $-O-C_{1-4}alkyl$, or $-N(CH_2)(OCH_2)$. The prior art of record does not teach or fairly suggest a fused imidazolyl compound with such a substituent.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
